GENERAL INFORMATION

New Members - CAHA Association Number:

A CAHA Association Number (CAH xxxx) is assigned by USA Hockey when an Association is accepted as a CAHA member. That membership number must then be renewed each succeeding year by filing a CAHA membership renewal form by September 30th to remain active. A separate form is required for each Association number even if the contact information is the same for several member associations controlled by the same organization (such as when additional Cybersport numbers are requested, see below).

Supporting Documentation:

For new member applications, the documentation that must accompany this form depends on whether the Association is controlled by a for-profit or not-for-profit organization. For-profit organizations (e.g., commercial ice rinks) must submit a true copy of the business Certificate of Status from the California Secretary of State and a mission statement describing the amateur hockey programs that will register teams under this Association. Not-for-profit organizations must submit true copies of the organization's IRS 501(c) status letter, bylaws currently in place, and a list of current officers and directors and their contact information.

Additional Requests for Cybersport Numbers:

A CAHA member association may request additional Cybersport numbers to track their different programs. If an additional Cybersport number is needed, there will be no charge as long as the program is registered to the same master member association with the same tax ID number. However, additional Cybersport numbers must complete the appropriate section on the Application for Membership form.
